

THE PORTAL I.D. INTERACTIVE DIGITAL SIGNAGE

THE MASTERS SERIES

Portal I.D. (Interactive Digital) provides a full 42 inches of high-quality digital display to enlighten and engage your customers. The contemporary design complements the large portrait LCD, providing a sophisticated digital showcase for products, events, advertising, and more. The stand-alone enclosure provides greater visibility and placement flexibility than traditional wall-mounted solutions.

Advanced 3M MicroTouch DST touch screen technology is an available option to step up the level of customer engagement and add a valuable interactive element to guided selling or digital media.

The minimalistic enclosure is designed to complement the décor of your venue while spotlighting your digital content.
