# CACHET JK-3200 SERIES

## Features

### Slim, Modern, and Intelligent

With a true-flat enclosure, the Cachet JK-3200 Series features a bright, high definition 32" PCAP touch screen that makes it easy for customers to interact in a way they want.

### Limitless Possibilities

The Cachet JK-3200 Series is integrated with a variety of peripheral options in self-service applications, including 2D scanner, receipt printer, NFC, service indicator, bracket for EMV payment devices, and more.

### Flexible Configurations

Offering flexible configurations in wall-mounted, single or dual-sided operation, the Cachet JK-3200 Series adapts to evolving business needs.

### Tailored for Easy Maintenance

Designed for easy installation, cable management, and maintenance, the Cachet JK-3200 Series makes everything simple, slim, and cost-efficient.

### Reversible Printing Function

A special printer driver that allows the printout to be printed from bottom to the top, so the printout is facing the user in the right direction, instead of the other way round with the traditional printing. This seemingly small touch can greatly enhance the user experience.
